

Customer Journey Map

Date	01 October 2026
Team ID	SWTID-2026-1564
Project Name	Courier Management System
Maximum Marks	2 Marks

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts and feelings, along with process ownership and improvement opportunities at each stage. The journey begins when shipment information is recorded and continues through assignment, movement, delivery status updates and business reporting.

Phase of Journey	Booking	Shipment Created	Agent Assigned	In Transit	Delivery Update	Invoice / Report
Actions What does the customer do?	Gives parcel and contact details at the branch	Receives tracking number for the shipment record	Waits for an agent to be assigned	Waits while the parcel moves to the destination	Checks or asks for delivery status	Receives bill and confirms payment
Touchpoint What part of the service do they interact with?	Branch counter / Customer record	Shipment record (tracking number)	Delivery Agent record	Support staff / tracking enquiry	Delivery Update record	Invoice record / reports
Customer Thought What is the customer thinking?	"Is my information recorded correctly?"	"Can I track my parcel now?"	"Who will deliver it?"	"Where is my parcel?"	"Has it been delivered on time?"	"Is the billing correct?"
Customer Feeling What is the customer feeling?	Hopeful	Reassured	Curious	Anxious	Relieved when updated	Satisfied

Phase of Journey	Booking	Shipment Created	Agent Assigned	In Transit	Delivery Update	Invoice / Report
Process Ownership Who is in the lead?	Branch staff	Branch Manager	Branch Manager	Delivery Agent	Delivery Agent / Customer Support	Branch Manager / Courier Admin
Opportunities How can we improve this stage?	Validation rules for phone, pincode and address	Auto-numbered tracking ID on every shipment	Link each shipment to an agent and branch	Add GPS tracking in future	Flow copies update status to the shipment automatically	Reports and dashboard for revenue by branch
